

## FREE FAMILY FUN DAY: Patterns in Nature Collage

Discover the many different patterns and textures of the natural world by making your own pattern collage!

### MATERIALS

- Paper
- Glue or gluestick
- Scissors
- Coloring materials: Pencil, crayon, colored pencils, watercolors, or markers

👉 **TATTOO:** A pattern is when elements (such as lines, shapes, and colors) repeat in such a fashion as to be predictable.

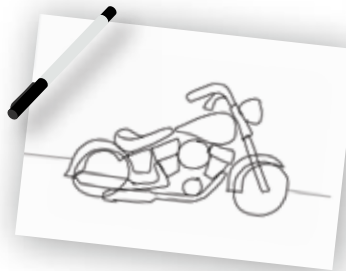

### STEP ONE

#### Sketch your patterns

Find 4-6 patterns from nature around your house and recreate them on separate sheets of paper. If you can't go outside, look for natural patterns in photos.

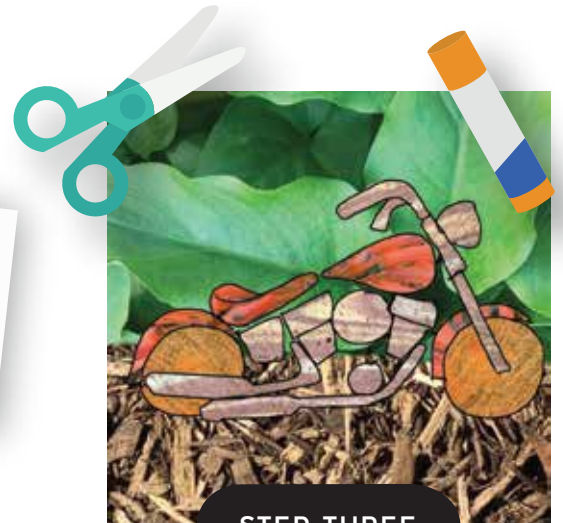

👉 **EXAMPLES:** Check out the examples provided on the second page for inspiration or use in your own collage!

### STEP TWO

#### Draw your design

Draw a design on a separate sheet of paper.

### STEP THREE

#### Make your collage

Cut out the shapes in your patterns to glue onto your collage.

➡ Take a picture and share it with us!
