

FREE FAMILY FUN DAY: Foraging for Color

On your next walk in your neighborhood, take some time to notice the colors around you. Can you find all the colors of the rainbow in nature? Fill in the color wheel below, or make your own, and take it with you on your walk to help you match colors!

(This activity can be done anywhere, especially with items from around your home)

Remember to share your finished pieces by tagging us!

MATERIALS

- This worksheet, or make your own
- Crayons, markers, or watercolors
- Anything with color!

COLOR THOUGHT

Why do you think plants and animals have certain colors? Does it help them to stand out or blend into their environment?

➔ Take a picture and share it with us!
