

# FREE FAMILY FUN DAY

## Mini Vision Boards

The **New Year** is right around the corner; a time for fresh starts. What do you hope to see or do in the new year? Who or what inspires you? **Create an artistic Vision Board** by collecting and arranging images into a collage that inspires you or brings you happiness!

### MATERIALS

- Half Sheet of Paper
- Glue
- Scissors
- Magazines / Photos / Quotes
- Drawing materials (optional)

### STEP ONE

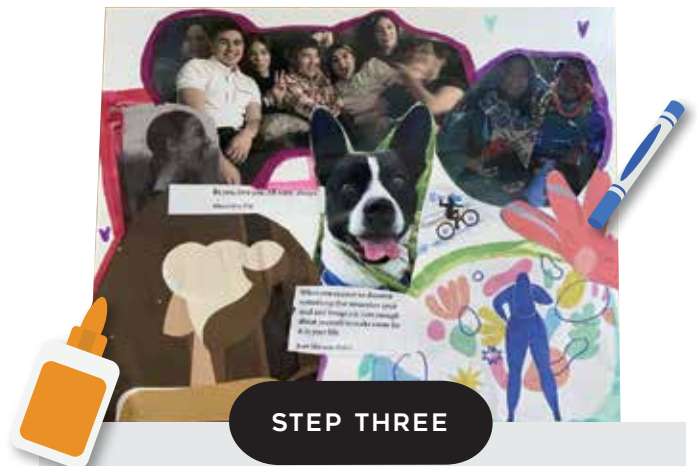

**Look through** old magazines, newspapers, and photographs or images that inspire you

**Cut or tear out** the images, text, or colors and set them aside

### STEP TWO

**Lay out the images** and arrange them on your paper. Fill up the whole page or leave space to write in your own thoughts or drawings

### STEP THREE

**Glue everything down** and let it dry

**Use colors** to make things pop out more or write in your own quotes! (optional)

**Some questions you could ask yourself:**

- "Who do I want to be when I grow up?"
- "What are some pictures that show who you are and what you like?"
- "Who do I want by my side while achieving these goals?"
