

Monterey Museum of Art

FREE FAMILY FUN DAY

Odds and Ends 3D Collage

MMA's Artist in Residence **Gretchen Andrew** uses a variety of small objects glued to her canvas to make her vision boards stand out and give meaning to the ideas she is sharing.

Gather small (sacrificable to art) objects that will make your drawing stand out! Do the materials you use help tell your story?

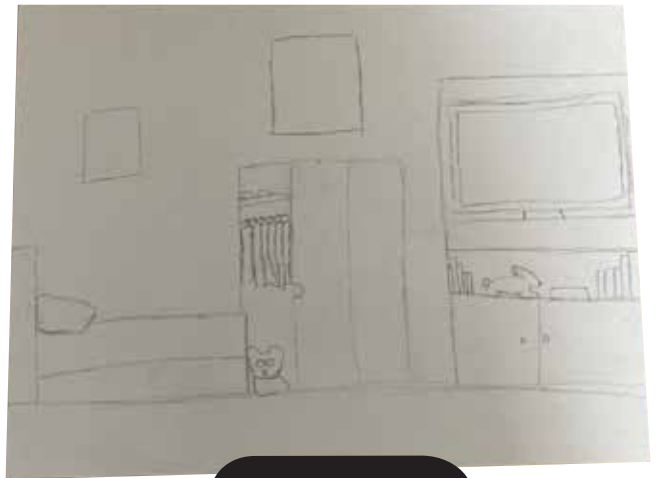

MATERIALS

- Thick Paper or Cardstock
- Colored Pencils/Markers/ Pencil
- Ribbon, Buttons, Feathers, Jewels, Leaves, whatever you can find!

STEP ONE

Gather small 3D objects that you are allowed to glue and use in your artwork

STEP TWO

Draw anything! A portrait of your pet, your room, or a favorite place?

STEP THREE

Add some color with markers, crayons, or even magazine cut outs!

STEP FOUR

Glue found materials to your drawing to make it stand out

For example, ribbon makes a great bowtie or collar for a drawing of your pet!
